### Texas A&M University

**Program:** Landscape Architecture  
**Degree:** Bachelor of Landscape Architecture  
**Department:** Landscape Architecture and Urban Planning  
**Contact Name:** Eric Bardenhagen  
**Contact Phone:**

### Outcome
**Master the depth of knowledge required for a degree,** including the ability to:
- Articulate disciplinary and interdisciplinary theories, concepts, principles, skills, and practices;
- Synthesize knowledge across courses and other experiences; and
- Apply knowledge from core curriculum courses, discipline-based courses, and other experiences in a range of contexts to solve problems and make decisions.

### Marketable Skills
- Design programming; planning, design & project management
- Designing Sustainable landscapes
- Produce landscape architectural proposals, design and construction documents
- Development of landscapes for energy and resource savings including bioremediation, green infrastructure and green roofs
- Landscape design to enhance healing and healthy living opportunities
- Development of public green spaces, land planning, parks and recreation
- Development of hospitality amenities such as hotels, resorts, golf courses
- Integration of land design into transportation planning

### Outcome
**Demonstrate critical thinking,** including the ability to:
- Evaluate, analyze, and integrate information from a variety of sources;
- Use appropriate strategies and tools to represent, analyze, and integrate information; and
- Develop critical, reasoned positions.

### Marketable Skills
- Design programming; planning, design & project management
- Cultural awareness & appropriate responses to client & project requirements

### Outcome
**Communicate effectively,** including the ability to:
- Demonstrate effective oral communication skills (which could include the use of languages such as American Sign language for those who do not communicate orally);
- Demonstrate effective writing skills;
- Demonstrate effective nonverbal communication skills (which could include appropriate use of performance, design, or representations such as maps, tables, and graphs);
- Listen actively and critically;
- Present work effectively to a range of audiences; and
- Effectively communicate original and creative ideas.

### Marketable Skills
- Present architectural design, proposals, construction drawings and graphic design
- Programming, planning, design and project management
- Cultural awareness & appropriate responses to client & project requirements

### Outcome
**Practice personal and social responsibility**, including the ability to:
- Practice ethical leadership;
- Recognize an ethical dilemma and apply rational decision-making in order to address it;
- Choose ethical courses of action in research and practice;
- Acknowledge and address the consequences of one’s own actions; and
- Engage in local and global civic activities.

### Marketable Skills
- Present landscape architectural proposals, design and construction documents
- Present sustainable Landscape Architectural designs
- Programming, planning, design and project management
- Cultural awareness & appropriate responses to client & project requirements
- Apply applicable national, state and local codes and work with civic government

### Outcome
**Demonstrate social, cultural, and global competence**, including the ability to:
- Live and work effectively in a diverse and global society;
- Articulate the value of a diverse and global perspective; and
- Recognize diverse economic, political, cultural, and religious opinions and practices.

### Marketable Skills
- Cultural awareness & appropriate responses to client & project requirements
- Support diversity in all its many forms
### Prepare to engage in lifelong learning, including the ability to:

- Exhibit the skills necessary to acquire, organize, reorganize, and interpret new knowledge;
- Show proficiency in current technologies and the ability to adapt to emerging technologies;
- Recognize and participate in activities that enhance wellness of body, mind, and spirit;
- Formulate a plan of personal goals for continued professional growth; and
- Demonstrate intellectual curiosity.

### Marketable Skills

- Aspire to achieve educational excellence as a predicate to professional excellence.
- Encourage education that prepares students to succeed in a changing world.

### Work collaboratively, including the ability to:

- Participate effectively in teams;
- Consider different points of view; and
- Work with others to support a shared purpose or goal.

### Marketable Skills

- Programming, planning, design and project management in team environments
